TABLE OF CONTENTS

2014 issue 03 **RightStuf?**

It looks like an early fall here in Iowa, with the trees already starting to turn and a chill in the air. I love the fall, especially Halloween, and obviously I enjoy coming up with great deals for everyone for the holidays! Plus, by the time you read this, I should have a new niece or nephew in this world to enjoy and spoil!

Our Nozomi label has been busy this year bringing you classic anime titles! *Space Adventure Cobra* and *Cat's Eye* are great blasts from the past, and I hope that you'll check them out. They aren't the same type of shows that you see today, and that's for a reason. Great storytelling, old-school cel animation. Also coming soon from Nozomi is *Yakitate!! Japan*, a hilarious series about... bread making. Sounds odd, but I guarantee it will make you laugh in every episode.

That's not to say that classic anime is all we do, however. Are you ready for more *Mobile Suit Gundam*? The final episode of *Gundam Unicorn* is coming this fall, which wraps up the latest entry in the Universal Century. There are some great extras on this disc as well including a feature, "One Hundred Years of Solitude."

Our Lucky Penny label provides an eclectic mix of titles, re-releases, catalog programming, and new titles from Japan. Recently, we re-released *Ah! My Buddha* and, *Space Pirate Mito*, which have been out of print for a while. We also added new titles such as *Sengoku Collection*, and announced our new line up at Anime Expo: *You're Being Summoned*, *Azazel*, and *Fantastic Detective Labyrinth*. Plus I've got more up my sleeve, which you'll be hearing about very soon! (Like the TV pitchmen always say, "But wait, there's more!")

It's easier than ever to sample our programs before you buy. Check out our Youtube Channel at www.youtube.com/nozomient. We post new episodes all the time! You can also connect with us on Facebook, Twitter, and Tumblr to get daily updates on what's happening in the anime world.

2015 is going to be a big year for Right Stuf, with great new products, a complete revamp of our website to include great new features for our customers, and much, much more. I'm really excited to see some of the changes we're working on, and I think you will be too. Our focus is our customer and, as always, thank you for your support and your business! Have a safe and happy holiday season.

Best regards,

PART 2

HOW DO YOU NOT WANT TO BUY ALL OF THE ANIME YOURSELF?

Aaron H (Warehouse): It's pretty difficult. I tend to keep a mental checklist of new anime that comes into the warehouse, so I've always got anime I'm looking to buy.

Thane (Marketing): Well, I've certainly taken advantage of our very nice employee discount, but as awesome as anime is, food and a place to live are even more awesome, and we wouldn't have those if we spent every paycheck on the latest Blu-rays and manga volumes. But there is a convenient lending library for employees to borrow anime and manga from to watch at home!

Tim M (Production): It takes a superhuman level of willpower (and the realization that I need to pay rent and bills, significantly less fun things than anime!)

Heather J (Customer Care): Well, there's always plenty of inventory for each item that becomes available, making it easy to purchase. Plus, I have to leave some inventory for our great customers!

CAN YOU WATCH ANIME OR READ MANGA DURING WORK HOURS?

Tim: Well, that's pretty much exactly what I do! I work on editing the scripts and inputting the time codes for anime, so I watch a lot! I also keep some manga at my desk to go over if I have to wait for files to transfer or have time to kill.

Here at Right Stuf, we get questions all the time about what it's like to work at an anime company. So we decided to dedicate part of our catalog to answering them! In our previous catalog, we talked about our job responsibilities and what our team does to keep our fans happy. This time around, we're answering all of your questions on the Right Stuf work environment as well as giving you some insight into our personal anime tastes. But if there's one thing we all seem to have in common, it's that we all love our jobs here, from our Warehouse team to Customer Care to our Production staff.

IS WORKING AT RIGHT STUF STRESSFUL?

Thane: There are times when the anime industry in general can be a little disorganized, and dealing with that can indeed be stressful. But I think it's always important to focus on positives. Any of the problems I might run into here are the same kinds of problems I'd run into at any other kind of company. Here, I get to work with anime, which makes even the stressful moments a lot more fun.

Sherah C (Customer Care): Working at Right Stuf can be stressful sometimes, as with any other job. When there are problems beyond our control, it gets stressful, but we still do our best to help the customers who are not very happy with the issue. But overall, the stress level is not too high for me.

Aaron: Nope, not at all!

HOW MUCH OF THE STAFF WOULD YOU SAY ARE OTAKU? WOULD YOU CLASSIFY YOURSELF AS ONE?

Thane: It's a pretty fair amount of us. It's more important that you can do the job well than how much you love anime (though it certainly does help with a lot of jobs here). I don't know if I'd go as far as to label myself as an otaku, but I certainly do enjoy anime quite a bit and do my best to see what our fans and customers are interested in.

Aaron: I'd have no problem with someone calling me an otaku.

Heather: As much as I love working at Right Stuf, I see and hear about anime all day, every day, so when I go home I like to separate it from the work life!

Tim: Judging from my obsession with anime and video games (and especially with *Mega Man*), I'd have to say yes, most definitely I'd classify myself as an otaku!

WHAT'S YOUR FAVORITE ANIME?

Thane: This is always a hard question, because anime is such a varied and unique art form. There are high-concept adventures, quiet dramas, and everything in between. But the anime I find myself always coming back to is *Mushi-shi* for its somber, dreamlike atmosphere and enchanting music.

Heather: My favorite anime is definitely "old school." I would have to go with *Astro Boy*. You can't go wrong with a classic series like that!

Tim: Now that's a tough question. There are so many I like, so it's hard to choose! I love series like *Cowboy Bebop* or *Psycho Pass*, but I also like things like *Kimi ni Todoke* and *My Ordinary Life*. The great thing about anime is that with so many genres covered, you can find tons of reasons to get hooked!

Aaron: I would have to say that *Akira* and *Cowboy Bebop* are the standard by which I measure every anime I watch. Of some of the more recent shows, I've really enjoyed *Blue Exorcist*.

AND THE MOST IMPORTANT QUESTION OF ALL: IF YOU HAD ONLY TWO QUARTERS AT AN ARCADE

AND COULD ONLY SPEND THEM ON ONE GAME, BATTLETOADS OR TEENAGE MUTANT NINJA TURTLES, WHICH WOULD YOU PICK? YOUR ANSWER MAY OR MAY NOT CAUSE THE EARTH TO IMplode.

Sherah: Definitely *Teenage Mutant Ninja Turtles*. I love them, and I just saw the new movie and really enjoyed it! My favorite is Raphael.

Thane: Well, first of all, can you give me directions to this magical arcade that only charges two quarters to play a game? And to answer your question, I would have to go with *Teenage Mutant Ninja Turtles*, because that is the green, water-dwelling fighting team that I know. But if that is what may cause our planet to implode, I accept the consequences. Donatello and I regret nothing.

That's all the time we have for questions, but we know you've got more! Don't hesitate to reach out to us on our social media pages or our anime forums on our website. We love interactive with our fans!

Sunday Without God is a world that seems to take place in an eternal twilight. Not a literal twilight - while the show loves the literal kind as well, scenes take place at all times of day - but a sort of narrative twilight. At the twilight of the humanity, the series explores what it means to live and die in a world already abandoned by God, where people can no longer truly die and no one new can be born. With beautiful art and a subtly fitting soundtrack, it makes for an enjoyably thoughtful viewing experience.

SHORT PEACE

Katsuhiro Otomo brings a fresh generation of master creators with an all-new anthology of visionary films. A lone traveler is confronted by unusual spirits in an abandoned shrine in "Possessions," directed by Shuhei Morita. A mysterious white bear defends the royal family from the predations of a red demon in the brutal "Gambo," directed by Hiroaki Ando. The focus shifts from supernatural to science fiction for the action-packed "A Farewell To Weapons," as Mobile Suit Gundam designer Hajime Katoki helms Otomo's tour-de-force saga of men battling robotic tanks in apocalyptic Tokyo, while grandmaster Otomo himself assumes the director's reins for a spectacular tale of love, honor, and firefighting in ancient Japan in "Combustible."

STEINS;GATE

The microwave is a time machine. Okarin proved it. The self-appointed mad scientist raked badasses into some gelatinous version of the future. Or maybe it was the past. Doesn't matter. No one thought he could do it, but he did it anyway. He sent text messages through time to people he knew. To his friends. Some of them female. Pretty. He should have been more careful. He should have stopped. Tampering with the time-space continuum attracts unwelcome attention.

FREQUENTLY ASKED QUESTIONS

ITEM LISTINGS

Ratings System

To benefit our customers, we have implemented a rating system for many of our products based on the manufacturer's suggested rating for each title.

N/R

Not yet rated.

ALL, 7+, 10+

Generally acceptable for children. No nudity. Possible mild violence.

12+, 13+, 14+

Parental discretion advised. May contain violence, brief nudity, mature themes, and/or mild language. May suggest sexual situations, but no such situations are shown.

15+, 16+, 17+

Strong violence and explicit language. Nudity may be prevalent. Mild sexual situations may be shown.

18+

Extreme violence and/or explicit nudity. May contain sexually explicit material. Absolutely not for anyone under 18 years of age.

Please note: Right Stuff does not set ratings and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only and are subject to change.

Runtime / Page Count

The listing for each item contains information detailing its approximate length. Depending on the manufacturer, this may or may not include extra bonus features, such as previews or forwards. An N/A indicates that the manufacturer has not provided this information at this time.

Edited / Uncut

Although many fans screech in horror at the very thought of altering the original Japanese version of a show, for a series to make it to American TV (or even into some retail stores), it is often edited. This can mean that scenes containing nudity, excessive violence, blood, and foul language are altered or even totally removed. Anime purists may want the original in all its glory, but parents of young TV viewers do not. Manufacturers recognize this and sometimes release both the Edited (TV) and the Uncut (original) versions of the show.

DUB ONLY? SUB ONLY?

Although DVDs and Blu-ray discs allow for the possibility of multiple languages, it's not always possible to produce a title for dual-language release. So, you end up with manufacturers releasing discs that are Subtitled Only (SUB ONLY) or English Dubbed Only (DUB ONLY). Subtitled discs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music is (probably) intact, but the voices have been redone in English. If we are aware that a title is dub or sub only, it will be noted as such in the product listing.

Release Dates

If an item has not yet been released at the time of this catalog's printing, you may see a release date listed. However, manufacturers can (and often do) change these dates due to production delays. If you are pre-ordering an item and are concerned whether it's on schedule, please feel free to check the release date on our online store or to contact our friendly Customer Care representatives.

OVA (OAV)

OVA stands for Original Video Animation. Basically, this means it is a direct-to-video release.

Special Collections

Certain DVD and Blu-ray items are marked with names such as "Anime Classics," "S.A.V.E. Edition," etc. These are re-releases of the original discs at lower prices.

However, these editions may or may not include all of the features that were found on the original releases. If you are concerned that the item you are considering may not contain the features that you want, please check the item's listing through our online store or feel free to contact Customer Care.

Missing Volumes

You may notice volume gaps in our printed catalog listings. This is not necessarily because the products aren't available, but merely because we couldn't fit every item into the printed catalog. If you are looking for a certain volume, please feel free to contact Customer Care or check our online store.

Omnibus Editions

An omnibus collects two to four "regular" volumes into one book. Omnibus volume numbers don't always match the regular volume numbers.

Print on Demand (POD)

Some books are marked "Print On Demand." This means they are part of the Right Stuff Print on Demand program and are printed to meet orders. The paper quality used is higher than that of "regular" manga, but they may take extra time to ship if we do not have any copies already in stock.

DVD-R

These are DVDs printed to order by the manufacturer. They will play in DVD players that play regular DVDs. Depending on the manufacturer, they may or may not feature artwork on the top of the discs.

DVD/BLU-RAY SPECIFIC

Can my DVD play in a Playstation / Xbox / personal computer?

It depends on the DVD. There have been instances of some DVDs having difficulty playing in certain players. While the vast majority of DVDs will work just fine, we cannot guarantee all DVDs will play correctly on your Playstation, Xbox, or personal computer.

Will a Blu-ray disc play in my regular DVD player?

Just as CDs and DVDs require different types of players, so do DVDs and Blu-ray discs. In order to play a Blu-ray disc, you must have a Blu-ray player or a device capable of playing a Blu-ray disc.

Will a DVD play in my Blu-ray player?

While some Blu-ray players will also read DVDs, not all do. We cannot guarantee that all DVDs will play in your Blu-ray player.

What is Region Coding?

Region coding is a geographical restriction for DVDs and Blu-ray discs. Since players are region specific, you need to make sure that the item you purchase is coded for the same region as your player. All DVDs and Blu-ray discs we sell are region coded for the United States.

What region is my player?

If you purchased your player from a retail outlet in the U.S., it should be Region 1 for DVD players or Region A for Blu-ray players. You can check the region coding on your player by looking for the region code symbol on the player's packaging.

DVD Region Codes:

- 0 Region Free
- 1 United States and Canada
- 2 Europe, Egypt, Arabia, Japan and South Africa
- 3 Korea, Thailand, Vietnam, Borneo and Indonesia
- 4 Australia, New Zealand, Mexico, the Caribbean and South America
- 5 India, Africa, Russia and former USSR countries
- 6 China

Blu-ray Region Codes:

- A The Americas, Korea, Japan and Southeast Asia
- B Europe, the Middle East, Africa, Australia and New Zealand
- C Russia, India, China and the rest of world

GENERAL

What's this "Got Anime" thing?

It's an easy way to get an additional discount on your favorite anime items. For a small yearly membership fee, you get additional discounts, newsletters, and members-only specials! Read more about the Got Anime Savings Club on page 3.

Memberships are non-transferable and are linked to the billing address of your account. If you move, please make sure to contact us with your new address so that we can update your membership information.

I saw this show that I think might have been anime. Do you have it?

If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's a magic user, a guy with a sword, and a villain who wants to take over the universe," there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't necessarily mean that it's available in the U.S. as a licensed product, but it could be.

Why isn't (title here) available in the U.S.?

You might be surprised to find out how much anime is available in the U.S. Of the few titles that remain unlicensed, some titles have their rights disputed, some licensors want more money than a title can possibly generate in this market, and of course, some are currently in negotiation. With the exception of a few TV series (which are a different matter entirely, due to their length), this just about covers it. We do not sell bootlegged products.

Why don't you carry many imports?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. As such, these items are generally only listed on our online store, so if you're looking for a particular item, please check our online store or contact Customer Care.

Why don't you have (title here) audio soundtrack from Japan?

See the previous question. You also might want to check our online store, since some titles are available domestically.

I really want to learn Japanese. What resources do you have?

We have many products to help our customers learn about Japan and the Japanese language! Whether you're just starting out or you're ready to move onto the next level, we carry the latest items to help you learn the Japanese language. These items are available on our online store, including everything from videos and textbooks to memory aids and intermediate readers.

Can I special order items that are not on the online store?

Simply put: if it isn't on our online store, we can't get it at the moment.

Do you carry adult products?

Since this catalog is delivered to anime fans of all ages, we've taken special precautions to ensure younger fans are not exposed to listings for products that contain adult situations or sexual content. Products of this nature have been placed in a special adult insert, and you will only receive it if you have ordered these products in the past.

If you would like to receive a printed copy of the adult section, you can send a written request to:

Privacy Policy

Right Stuf does not sell or share any personal information you may provide. This information is collected only to contact you should a problem arise with your order.

COUPONS

Can I use my coupons online?

Yes, you can. Simply use the coupon code that is on your coupon when you place your online order.

How many coupons can I use?

You can only use one coupon per order, and some coupons can only be used one time per customer. Some coupons can also only be used through our online store. This is generally due to specific date or manufacturer requirements, which cannot be imposed on mail-in orders. Please review the coupon restrictions to see if it can be applied to your order.

MAIL-IN ORDERS

I want to your online store to order, but I don't have a credit card. Help!

Should you prefer to use the online store to select

items, you can actually use it to place an order by mail! Simply select all of the items you want and place them in your cart. When you proceed to checkout, make sure to choose the "faxed or mailed order" option. This will generate a printed form with everything already added up for you (no more calculators!). Just print this form and mail it in with your payment.

Although you can use the online store to generate your order, nothing will be recorded by our system, so make sure that you don't lose your form or you'll have to re-enter everything all over again! Online coupons are not valid on mail-in orders.

Why do you hold my order for 12 days when I pay by check?

Even with all this cool technology, checks can still require at least 12 days to clear.

What's this NSF charge?

"Non-Sufficient Funds" means that your check bounced. There is a \$25 charge for all returned checks. Once you have bounced a check, all further orders must be paid for by either credit card or money order.

Do I need to add sales tax?

Only if you're shipping to an Iowa address.

PAYMENT METHODS

Do you take VISA / MasterCard / Discover / American Express?

Yes to all. About the only plastic that we don't take are standard ATM and gasoline cards. If you're paying by credit card, we may contact you to obtain additional details for security purposes. Shipment may be delayed until we have received the information necessary to complete your order.

If I order using a credit card, when do you charge it?

Credit cards (by law in our state, actually) get charged only when the product actually ships.

Can I pay by check / money order / COD?

We accept domestic (U.S.) checks and money orders in U.S. funds. Please make all checks/money orders payable to Right Stuf, Inc. All checks require at least 12 days to clear our bank. Sorry, no CODs. PLEASE DO NOT SEND CASH THROUGH THE MAIL!

Can I pay with my PayPal account?

Sorry, we do not accept PayPal at this time, but we do accept the PayPal Mastercard.

SHIPPING CHARGES

If you are shipping to a U.S. address and your order exceeds \$49 (before freight), then economy shipping is FREE!

Shipping Options

Economy: 4-14 Days.

\$3.49 for first item + \$1 each additional item.

Expedited: 2-5 Days.

\$6.49 for first item + \$1 each additional item.

How much is shipping for box sets?

Box sets are considered a single item for shipping purposes.

I'm not at home during the day. Can you ship to my office?

Certainly. In fact, we prefer to do this to ensure that you actually receive your order. We require that you include the business' name in the address so your delivery person can get your package to you. If your package is returned to us, we will charge you an additional shipment fee to reship it.

SHIPPING TIME

Can I get a shipping confirmation sent to me?

Shipping confirmations are sent via email to the email address provided on the order form. Please make sure to write your email address as clearly as possible.

How long will it take to ship my order?

From the time we receive your order, standard processing time is 1-2 days if all of the items on your order are in stock. If some of the items on your order are backordered, it takes an average of 10-14 business days for us to receive these items from the manufacturer and this may cause a delay in the shipment of your order. Once all of your items are in stock, your order will be shipped via your selected shipment method.

How long will an item be out of stock?

With a few exceptions, item delays can be measured in days. There are some freak delays, but 10-14 business days is pretty typical. However, please keep in mind that some items are directly imported from Japan and may be in short supply even there. Should the manufacturer or the Japanese vendor be out of stock at the time of our re-supply order with them, it may be a bit longer. We keep thousands of items in stock, and our computer system automatically adjusts stock levels based on demand.

I chose expedited shipping when placing my order, but it took 2 weeks to arrive. Why?

You must have ordered a product that we didn't have in stock at the time that we received your order. If an item is out of stock when we receive your order, we still ship it out by express delivery when we receive it from the manufacturer.

Do you do split shipments?

We may, at our option, ship your order in multiple shipments. Please note that, in general, only shipments using economy shipping will receive partial shipments. Due to increased transportation costs, orders shipping by expedited shipping may be held until the order is complete. You may request a shipment of in-stock items at any time for an additional fee (based on the ship method you have selected) by contacting Customer Care.

RETURNING MERCHANDISE

When I got my item, it was defective. What can I do?

If your merchandise is defective due to a flaw in manufacturing, we are more than happy to replace it. Unopened DVDs and Blu-ray discs can be returned for Right Stuf store credit (or in the case of credit cards, refunded to the issuing card).

All returns/refunds must be processed within 90 days (120 days if you are a Got Anime member) of the date on your purchase invoice. If you need to complete a return/refund, please obtain a return authorization number from Customer Care at 1-800-338-6827, or utilize our online return request form at: [www.rightstuf.com/requestform](#)

Products returned without a return authorization number, or those over 90 days (120 days for Got Anime members) past the invoice date, will be returned to the customer at our option.

Do I have to pay shipping to return a product?

Yes, but we will pay the shipping to send the replacement back to you. We suggest using the least expensive shipping method available that can be tracked. If you have accidentally been shipped an item that you did not order, we will reimburse your shipping costs to return the item to us.

The packaging said it would include (special item), but mine doesn't have it!

Unfortunately, we have no control over what manufacturers decide to place inside of their products. Sometimes the manufacturers do provide special extras, but we cannot guarantee that these items will be inside of the products that we receive. Should the item not be included, we suggest that you contact the manufacturer directly.

Fumi Yoshinaga is known for her refreshing slice of life stories, attention to character detail, and realistic portrayals of LGBTQ+ characters in her series without making their orientations a main focus. What Did You Eat Yesterday? takes the best of her writing style and uses it as a backdrop for a unique kind of cookbook, as Shiro carefully prepares the food that allows him and his partner a calm and delicious oasis from the troubles of the day.

STAFF PICK

MY LOVE STORY!!

My Love Story is a one of a kind manga. I went into reading volume 1 expecting the typical shoujo storyline, but I was pleasantly surprised with how original the manga was. My Love story features unrequited love, meddling friends and awkward first date interactions. I found the characters very relatable and can't wait to find out what happens to them next. If you're looking for a new shoujo title I strongly recommend My Love Story.

Kyon is your ordinary high school freshman who has long given up on his childhood dreams of encountering the fantastic and supernatural... or so he thought. From the very first day of school, his classmate - the beautiful but eccentric Haruhi Suzumiya - makes it very clear that her only desire is to meet aliens, time travelers, and psychics! A chance conversation between the two inspires Haruhi to form the SOS Brigade, a school club created for the sole purpose of getting these supernatural beings together - if she can find any.

IS IT WRONG TO TRY TO PICK UP GIRLS IN A DUNGEON?

In Orario, fearless adventurers band together in search of fame and fortune within the monstrous underground labyrinth known as Dungeon. But while riches and renown are incentive enough for most, Bell Cranel, would-be hero extraordinaire, has bigger plans. He wants to pick up girls. Is it wrong to face the perils of Dungeon alone, in a single-member guild blessed by a failed goddess? Maybe. Is it wrong to dream of playing hero to hapless maidens in Dungeon? Maybe not. After one misguided adventure, Bell quickly discovers that anything can happen in the labyrinth - even chance encounters with beautiful women. Only problem? He's the one who winds up the damsel in distress!

The life of a traveling merchant is a lonely one, a fact with which Kraft Lawrence is well acquainted. Holo strikes up a bargain with the merchant to increase his profits in exchange for taking her along on his travels. Lawrence soon learns, however, that having a goddess as a traveling companion can be a bit of a mixed blessing.
